Recommended services

Lenovo offers a comprehensive portfolio of services to support and protect your ThinkPad investment—so you can focus on your work, not your IT.

Premier support

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

Accidental Damage Protection (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage to the integrated screen.

Warranty extension (1 year base warranty)

This fixed-term, fixed-cost service helps you accurately budget for device expenses, protect your valuable investment, and lower the cost of ownership over time.

Lenovo

A perfect device for day-to-day performance

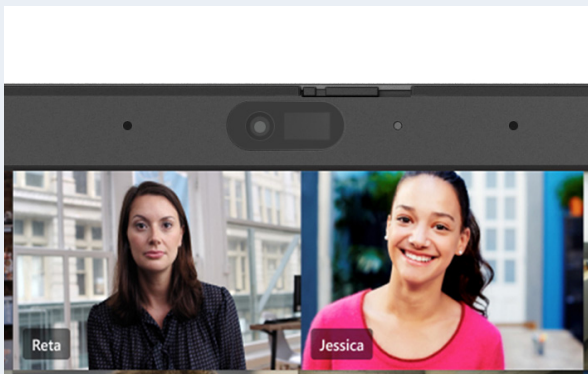

Lenovo

Designed with the modern workforce in mind, Lenovo ThinkPad E14 Gen 5 *i* is a perfect solution for hybrid work – a powerful, portable device that is secure and helps work from anywhere. Armed with the latest generation of Intel® Core™ processors, robust memory, and responsive storage, it is tailor-made to deliver on the needs of any modern business.

Built for performance

ThinkPad E14 Gen 5 *i* combines high performance and efficiency to give modern workers innovative technology that packs a punch. This device features an all-new up to **13th Gen Intel® Core™ i7 processor** for highly improved capability to handle everyday work. This advanced processor's increased core count and cache size make even the most arduous tasks look easy. Paired with up to **40GB DDR4** memory and up to **1TB SSD storage**, it is ultra-responsive and purpose-built for the daily grind. The onboard **integrated Intel® UHD graphics** or **NVIDIA® GeForce® MX550 graphics** are geared to tackle graphics work on the go. Additionally, it features **cleaner thermal holes** to expel warm air to keep the system operating at a safe temperature. This device is made for the hybrid workforce with the able support of up to **57Whr battery**.

Improved connectivity and security

Web conferences are a fantastic experience with ThinkPad E14 Gen 5 *i*. The **FHD+IR** camera and up to **Wi-Fi 6E** connectivity keep things looking good and connected. Dual mics enhance voice clarity during virtual meetings, while **Dolby Atmos®** does the same for audio. A plethora of ports enhance the user experience – it features a **USB-C 3.2 Gen2**, **USB-A 2.0**, **one USB-A 3.2 Gen1**, **Thunderbolt™ port**, **HDMI 2.1**, **RJ45**, and an audio port. Bluetooth 5.0 enables portable accessory connectivity, be it a mouse or headphones. The **Camera Privacy Shutter** keeps it closed when not in use to further protect user privacy. The fingerprint reader on the power button¹ enables instant logins and prevents unauthorized access. A discrete Trusted Platform Module (dTPM)¹ securely encrypts data to prevent theft, while a **Kensington™ lock slot** physically prevents theft.

User engineered

ThinkPad E14 Gen 5 *i* delivers a rich user experience from start to finish. A 14-inch FHD display with a **90.4% screen-to-body ratio (STBR)** and **16:10 aspect ratio** delivers an astounding visual experience. Up to 300nits of brightness, provide an improved, immersive viewing and the four-sided narrow bezels optimize the display real estate available. A sleek-looking aluminum exterior in **Arctic Grey** and **Graphite Black** colors gives it a professional look and feel. A newer, redesigned, larger **115 x 56mm trackpad**, and newer keyboard design enhance the feel of using the ThinkPad for smoother, error-free inputs. Weighing a mere 1.53kg, and measuring up to 17.99mm, it is incredibly low profile. **MIL-STD-810H** assessment ensures the device is rugged and tough enough to handle the rigors of everyday work, travel, and alternative work environments.
