Recommended services

Lenovo offers a comprehensive portfolio of services to support and protect your ThinkPad investment—so you can focus on your work, not your IT.

Premier support

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish

Accidental Damage Protection (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage to the integrated screen.

Warranty extension (1-year base warranty)

This fixed-term, fixed-cost service helps you accurately budget for device expenses, protect your valuable investment, and lower the cost of ownership over time.

Lenovo

An intuitive device for elevated work experience

Lenovo

Business professionals need devices to stay connected no matter where they work. Give your business a unique style with the compelling features of the all-new Lenovo ThinkPad E16 Gen 1. Built for everyday performance, ThinkPad E16 Gen 1 has stylish looks, a rugged design, robust security, and enough power for peak productivity.

A leap ahead in performance

Business professionals want more power in their laptops — especially those who handle challenging tasks. **AMD Ryzen™ 7000 Series processor** on the ThinkPad E16 Gen 1 laptop provides unprecedented performance for business professionals. The powerful processor and SSD combo handle things quickly and precisely. Up to **40GB onboard DDR4** memory is ample for the best performance. Get speedy access to applications with excellent storage of up to **1TB dual SSD**. Thanks to **integrated UMA graphics**, it tackles some creative jobs as well. ThinkPad E16 Gen 1 has a profile thickness of **19.85mm** and weighs **1.76kg** making it portable. The laptop also boasts a better battery capacity of **up to 57Whr**, so you never run out of juice.

Reliable and highly secure

Sturdy and robust, ThinkPad E16 Gen 1 has cleared the stringent **MIL-STD-810H** strength tests. This device lets you transfer data faster, charge your device, and connect to external peripherals, all thanks to the **two USB 3.2 Type-C** ports. The ThinkPad E16 Gen 1 also features an **RJ45** port, **two USB Type-A ports**, and **HDMI 1.4** for additional connectivity choices. The latest **Wi-Fi 6E** offers super-fast connectivity, uploads, and downloads even in congested networks. The laptop handles security well with a comprehensive suite of features. From a hardware standpoint, you have an **FHD hybrid IR camera** for facial recognition with **Camera Privacy Shutter** for user privacy and a **Kensington™ lock slot** to prevent physical theft. The optional **discrete TPM** chip encrypts your data. Additionally, this device also features a fingerprint reader for secure logins.

Elevated user experience

The 16-inch, **Full-HD IPS** display is bright and sharp enough for essential work. The device has a **91.2% Screen-to-Body Ratio**, and the **16:10 aspect ratio** with **TÜV Low Blue Light certification** guarantees a better visual experience, protecting your eyes. The updated keyboard houses robust keys with a numerical pad and better key spacing to prevent accidental inputs. The smooth **115 x 68mm trackpad** improves onscreen navigation. **Up to Full-HD Hybrid camera** delivers stable video output for seamless video conferencing. Dual array mics with Dolby Atmos® make meetings loud and clear. **Lenovo Smart Appearance** allows smart configuration of facial features, and intelligent noise canceling filters out unwanted sounds for better virtual connection, collaboration, and video calls. **Modern Standby** includes faster wake times and the ability to run activities in the background even with the system asleep.
