Lenovo

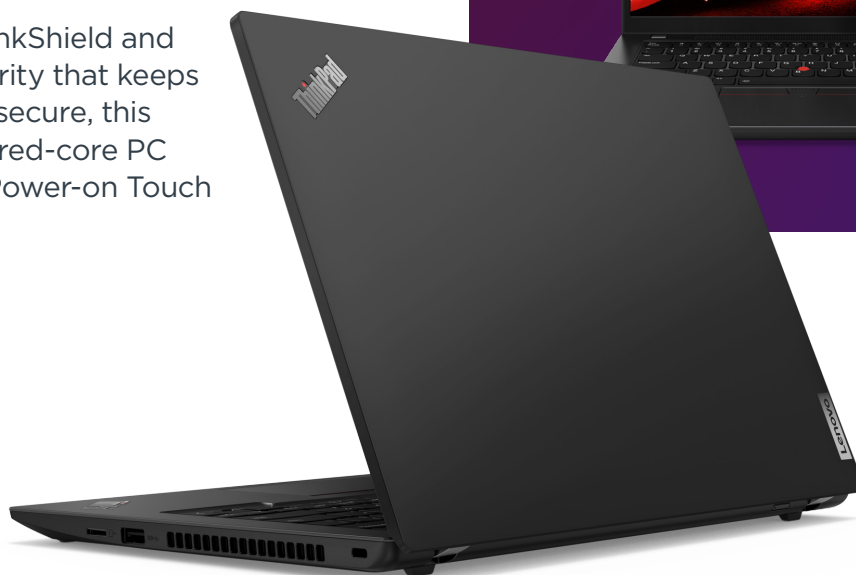

Lenovo ThinkPad

The affordable, dependable laptop of choice for global corporations and large enterprises is newly refined and more powerful and sustainable than ever. With a modern form factor that houses the latest Intel vPro® with 13th Gen Intel® Core™ U or P series processors and a more powerful discrete graphics options, plus an optional 63 Whr battery for true all-day power and 2TB storage, the Lenovo ThinkPad L14 Gen 4 *i* is a high-performing partner for the work-from-anywhere workforce.

Plus, it is more environmentally responsible than ever thanks to Lenovo's reduced-emissions manufacturing process, PCC recycled materials in the cover and internal components, plus plastic-free packaging with 90% recycled content.

This Lenovo ThinkPad device is thin and light, with a 81.8% screen-to-body ratio. It also offers features to improve user experience in today's virtual meeting world, including a FHD RGB camera and Dolby® Voice AI noise suppression technology for better videoconferencing, as well as expanded Wi-Fi and WWAN connectivity capabilities for access to Gigabit Internet speed in any location.

In addition to built-in ThinkShield and Intel vPro® platform security that keeps devices, users, and data secure, this Lenovo ThinkPad is secured-core PC enabled and includes a Power-on Touch Fingerprint Reader.
