Lenovo ThinkPad

From finance, accounting, and data-entry work by day to video streaming by night, Lenovo ThinkPad L15 Gen 4 *i* has the power, performance, and connectivity to handle it all in a device that's constructed to be more sustainable than ever.

This Lenovo ThinkPad is powered by Intel vPro® with 13th Gen Intel® Core™ U or P series processors and features more powerful discrete graphics options plus improved 2TB storage for high-performing productivity. A FHD RGB camera and Dolby® Voice AI noise suppression technology combine for improved videoconferencing, while expanded Wi-Fi and WWAN connectivity capabilities assure blazing-fast Gigabit Internet speed in any location.

Plus, it is more environmentally responsible than ever thanks to Lenovo's reduced-emissions manufacturing process process, PCC recycled materials in the cover and internal components, plus plastic-free packaging with 90% recycled content.

Secured-core PC enabled and built with enhanced ThinkShield security features, this Lenovo ThinkPad also offers Intel vPro® platform security to keep devices, users, and data secure.
