Lenovo

Lenovo ThinkPad

Thin, light, and designed with a high screen-to-body ratio and 16:10 aspect ratio for more expansive views, the Lenovo ThinkPad T14 Gen 4 delivers uncompromised performance. This endlessly configurable device is packed with next-generation AMD Ryzen™ PRO processors with 23W thermal design power, plus the latest AMD Radeon™ Graphics. Powerful new LPDDR5X memory, enhanced camera options, and a larger battery option for true all-day power further boost productivity.

This Lenovo ThinkPad is the perfect companion for professionals on-the-go with blazing-fast Wi-Fi 6E and LTE CAT16 connectivity options. It features built-in Lenovo ThinkShield security and AMD PRO Security, including AMD Memory Guard, for optimized protection against threats. This combines with Pluton technology, designed and updated by Microsoft, which is built directly into the processor, hardening new Windows 11 PCs with continuous, up-to-date security. Enhanced AI security features include ePrivacy with PrivacyGuard.

Plus, this device is more environmentally responsible than ever thanks to Lenovo's reduced-emissions manufacturing process, PCC recycled materials, and sustainable packaging with 90% recycled content.
