Lenovo ThinkPad X13 Yoga

The all-new Lenovo ThinkPad X13 Yoga Gen 4 redefines compact portability. Built on Intel vPro®, an Intel® Evo™ Design, with 13th Gen Intel® Core™ processors, this work-from-everywhere powerhouse enables today's hybrid workforce to pursue next-level greatness. Flexible, durable, and reliable, this multi-mode delivers improved memory, battery life, and screen-to-body ratio, so you're ready to take on the world—wherever you are in the world.

Collaborate, create, and innovate better with the new split 5MP RGB+IR camera for improved visual quality, vibrant Intel® Iris® X^e graphics, and Dolby® Suite for enriched audio. Plus, the enhanced global LTE 4G and Wi-Fi 6E¹ connectivity, all-day battery life, garaged pen with charging, and 360-degree hinge design boost inspiration and productivity. And from the low-temperature soldering and PCC recycled product materials to the low-power display, this Lenovo ThinkPad is engineered with sustainability in mind for your peace of mind.

Smarter
technology
for all

Lenovo

An Evo Design

Built for what IT needs
and users want.

¹16GHz Wi-Fi 6E operation is dependent on the support of the operating system, routers/APs/Gateways that support Wi-Fi 6E, and the regional regulatory certifications and spectrum allocation.

Lenovo ThinkPad X13 Yoga

PERFECTED MOBILITY

With all-day battery life and Intel® Wi-Fi 6E¹ plus 4G LTE, this flexible and lightweight Lenovo ThinkPad is built to meet the expectations of today's hybrid workforce. The new port-rich design weighs in at just 1.22 kg (2.64 lbs.) and boasts a thinness of 16.4 mm, perfect to take work—and play—on the go. Plus, the garaged pen with charging function is always ready to grab when big ideas strike.

VERSATILE PRODUCTIVITY

This Lenovo ThinkPad with anti-glare touch display delivers powerful mobile productivity, with up to 32GB LPDDR5 memory and up to 2TB PCIe Performance Gen 4 storage. With Intel® Evo™-certified responsiveness, users can be confident of an optimized multi-mode experience. Go from laptop to tablet to tent, meeting the evolving needs of the day. And with Intel® Unison™ you can seamlessly connect your Lenovo ThinkPad to your smartphone for a universal, easy-to-use experience.²

ENHANCED USER EXPERIENCE

With the high screen-to-body ratio of 84.3%, an ergonomic lift hinge design, and new communications bar with split 5MP RGB+IR camera for improved visual quality, this Lenovo ThinkPad is redesigned to impress. The user-facing Dolby® Audio and Dolby® Voice certifications bring video calls to life, while the Eyesafe® certification ensures long days on the screen aren't hard on your eyes.

RESPONSIBLE DESIGN

This Lenovo ThinkPad implements purposeful inclusions of recycled materials, including 90% recycled magnesium in the A, C, and D covers, PCC recycled plastic in the battery pack, speaker enclosures, and AC adaptors, as well as FSC certification.. Low-temperature soldering increases reliability while lowering carbon emissions during manufacturing. Plus, the low-power display and Human Presence Detection feature also help users conserve energy consumption.

performance

This Lenovo ThinkPad delivers powerful mobile productivity built on Intel vPro®, an Intel® Evo™ Design, with 13th Gen Intel® Core™ i7 processor P or U series, Intel® Iris X^e graphics, up to 32GB LPDDR5 memory, and up to 2TB Performance PCIe Gen 4 SSD storage.

durability

MIL-SPEC tested against 12 methods, 26 procedures, and 200 additional quality checks, this Lenovo ThinkPad is designed for work-from-anywhere durability and engineered with reliable, long-lifecycle components.

security

Enhanced built-in Lenovo ThinkShield with Human Presence Detection and Intel vPro® platform security, including Intel® Hardware Shield, provide hardware-assisted virtualization and encryption that help prevent attacks against the OS, login credentials, installed applications, and data to keep users—and businesses—secure.

¹16GHz Wi-Fi 6E operation is dependent on the support of the operating system, routers/APs/Gateways that support Wi-Fi 6E, and the regional regulatory certifications and spectrum allocation.

²Intel® Unison™ solution is currently available for eligible Intel® Evo™ designs on Windows-based PCs powered by 12th Gen Intel Core or newer CPU and only pairs with Android- or iOS-based phones; all devices must run a supported OS version. See intel.com/performance-evo for details, including set-up requirements. Results may vary.

Lenovo ThinkPad X13 Yoga

Sustainability services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—and the environment.

CO₂ OFFSET SERVICE

Lenovo calculates carbon emissions of its PCs across their lifecycles. Leveraging that, customers can offset the carbon emissions associated with their Lenovo PC with every purchase.

BULK PACKAGING SERVICE

This solution packages multiple like-devices together to minimize the amount of material used—without compromising the integrity of protective packaging.

ENVIRONMENTAL LOGISTICS SERVICE

Calculates CO₂ emissions based on transport, recommending solutions and space-saving measures for the customer.

ENVIRONMENTAL SOFTWARE SOLUTIONS

Tracks energy consumption on a system basis throughout the lifecycle in order to determine which units are using more power—and when.

ASSET RECOVERY SERVICE (ARS)

Mitigates environmental and security risks through a customized single-source solution for secure, documented disposition at the product's end of life.

Accessories

ThinkPad 13-inch Sleeve

The ThinkPad 13" Sleeve is designed to fit the most recent generation of ThinkPad 13" notebooks. These fitted sleeves help to protect your notebook from dust, shocks, scrapes, and scratches for superior PC protection. The slim, lightweight design also stows easily in a larger bag.

PN: 4X40N18008

Lenovo Professional Bluetooth Rechargeable Mouse

Expect a masterfully sculpted right-handed form, programmable side buttons and top button, a dynamic wheel that matches your speed, and an enduring battery life of up to 3 months when charged via USB-C.

PN: 4Y51J62544

Lenovo Powered USB-C Travel Hub

One-stop travel docking is here. Sleek and compact, the Lenovo Powered USB-C Travel Hub features six connection options for charging, displays, and more, as well as a slim, portable design with cable management.
