ThinkPad X1 Carbon Gen 11

The refined and redesigned ThinkPad X1 Carbon Gen 11 delivers an even better user experience while remaining thin, light, and one of the best 14-inch business laptops. On the outside, a new communications bar makes the lid easier to open and close, and houses the new FHD IR camera options. Inside, it's powered by Intel vPro®, an Intel® Evo™ Design with 13th Gen Intel® Core™ processors, faster memory, and cutting-edge connectivity options, enabling users to stay productive from anywhere.

The new 2.8K OLED display option with low blue light Eyesafe® certification offers outstanding visuals and reduce eye fatigue, no matter if users are creating content or consuming it. Enhanced built-in ThinkShield and Intel vPro® security, comprised of hardware-assisted virtualization and encryption that helps prevent attacks against the OS, login credentials, installed applications, and data, combine with an improved lineup of AI and biometric authentication to keep devices, users, and their data secure.

**Smarter
technology
for all**

Lenovo

Co-engineered with Intel, the ThinkPad X1 Carbon Gen 11 meets Intel® Evo™ laptop design requirements, hardware specifications, and key user experience targets for consistent responsiveness, instant wake, all-day battery life, fast charging, and intelligent video conferencing. This Evo-certified laptop also includes Intel® Unison™ for seamless connectivity with your Android or iOS smart phone for calling, messaging, and file and photo sharing—all done from your laptop.
