Edge-to-edge backlight
1.35mm travel

MIL-STD-810H

Yes

COLORS

Bronze with Black Vegan Leather
Arctic Grey Aluminum

*Based on testing with MobileMark 2018. Battery life varies significantly with settings, usage, and other factors. Projected battery life is based on using MM18. Official claims/final results TBD. Official results will be available at results.bapco.com at product launch.

Lenovo ThinkPad Z13

The new Lenovo ThinkPad Z13 defines progressive mobility. Thin and ultralight at 1.25kg, this 13" work-from-anywhere (WFA) powerhouse boasts the coveted combination of an AMD Ryzen™ PRO R7 6860Z U-series processor with AMD RDNA™-2 graphics. Combined with an unexpected, iconic craft design using recycled materials, the ThinkPad Z13 breaks commercial convention while meeting enterprise requirements.

Delivering an elevated user experience, this go-anywhere high-performing beauty is engineered with an incredible FHD RGB+IR dual camera—including the new e-shutter for the camera, an edge-to-edge keyboard shaped to fit the natural finger curve, Haptic ForcePad, and customizable TrackPoint buttons. Plus, with an ultraslim 4mm bezel design, the Z13 provides the highest screen-to-body ratio of any ThinkPad. Ever.

Lenovo

Lenovo ThinkPad Z13

PROGRESSIVE DESIGN

Created with meaningful materials, including recycled aluminum and recycled PET vegan leather, with a choice of Bronze and leather or Arctic Grey, the ThinkPad Z13 delivers aesthetic sophistication. The optimized display with ultra-narrow borders and higher resolution provides a 91+% screen-to-body ratio.

MODERN EXPERIENCE

A larger camera sensor and higher resolution makes the ThinkPad Z13 perfect for today's virtual conference table. Users also appreciate the modern edge-to-edge keyboard, larger 120mm glass ForcePad with Haptic feedback, and TrackPoint options.

COMPETITIVE PERFORMANCE

Experience premium technology, including the latest AMD Ryzen™ R7 6860Z U-series processor with AMD RDNA™-2 graphics. Along with Dolby Voice and a Dolby Atmos Speaker System, the ThinkPad Z13 is changing the WFA conversation.

ENVIRONMENTAL DILIGENCE

In addition to high-performing functionality, the ThinkPad Z13 delivers a low-impact footprint. Built with 75% post-consumer recycled aluminum and shipped in recycled consumer packaging, the modern aesthetics even extend to the earth-friendly—and revolutionary—bamboo and sugarcane fiber packaging that's 100% rapid-renewable and home-compostable.

security

With ThinkShield comprehensive end-to-end security, the ThinkPad Z13 provides cybersecurity features like fingerprint reader, IR camera with e-shutter, and standard Windows Hello. Plus, chip-level AMD Memory Guard and the new Microsoft Pluton security layer help eliminate interface exposure and prevent physical attacks.

durability

The ThinkPad Z13 is next-level innovation—but it's still a ThinkPad. Engineered with long lifecycle components and MIL-SPEC tested with 12 methods, 26 procedures, and 200 additional quality checks, this modern laptop is ready for anything.

innovation

Get a refined user experience with additional camera enhancements integrated into the new communications bar. The Communication Quick Menu brings new functionality to the iconic red dot in the keyboard by instantly providing access to collaboration controls with a simple double tap to the TrackPoint.

Lenovo ThinkPad Z13

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

Services

PREMIER SUPPORT

Bypass phone menus and scripted troubleshooting to access advanced-level technicians with the expertise needed to quickly diagnose and solve problems. Get a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.^{1,2}

ACCIDENTAL DAMAGE PROTECTION

Protect your investment from operational or structural damage caused by common accidents like drops, spills, or electrical surges. This protection plan helps with predictable budgeting, minimizes unexpected repair costs and provides significant savings relative to the cost of non-covered repairs.^{1,2}

GREEN DELIVERY

Improve sustainability for a smaller environmental impact. Green Delivery Service delivers devices in bulk packaging to reduce per-unit waste, improve operational efficiency with consolidated shipments, and allow for environmentally friendly packaging disposal. Plus, all boxes use Kraft Sealing Tape to eliminate single-use tape, and by 2025/26, 90% of PC products' packaging will be made from recycled materials.
