

Lenovo ThinkPad L15 GEN 2 i

ThinkPad L15 Gen 2 i combines power, ports, and performance to create an enterprise laptop that handles data-entry, finance, and accounting work with ease while also supporting video streaming, presentations, and more.

Packed with the latest 11th generation Intel Core™ processors, optional NVIDIA® graphics, and faster memory, ThinkPad L15 Gen 2 i is the go-to laptop for professionals who thrive on productivity.

Along with a new Thunderbolt™ 4 port for faster data transfer and enhanced docking, ThinkPad L15 Gen 2 i also offers LTE CAT12 capability for faster wireless data connections. Anywhere users go, they can stay connected to their content and contacts.

Lenovo ThinkPad L15 GEN 2 i

BETTER PERFORMANCE

ThinkPad L15 Gen 2 powers through heavy workloads with up to 11th generation Intel Core™ i7 processors, up to 64GB DDR4 (3200MHz) memory, up to 1TB SSD. Work—and play—become more immersive with a new option for NVIDIA® MX450 graphics.

IMPROVED CONNECTIVITY

Users can stay connected to the data and devices that drives their business with new additions to ThinkPad L15 Gen 2 i that include LTE CAT12 capability as well as Thunderbolt™ 4 and HDMI 2.0 ports. Whether connecting to multiple 4K displays for work or enjoying faster wireless speeds while streaming movies at home, users are assured more productive uptime and more enjoyable downtime.

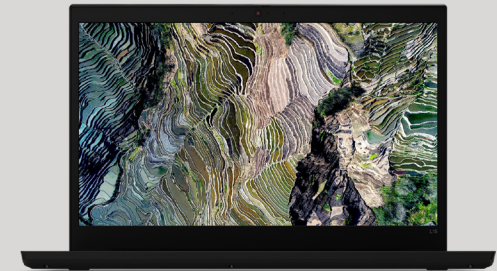

ENHANCED EFFICIENCY

ThinkPad L15 Gen 2 i helps users work smarter and faster with new features like Modern Standby, which enables the device to wake from sleep in less than one second and stay up-to-date even during sleep mode. Unified communications (UC) functions on the F9 through F11 keys enable users to place voice or video calls directly from their laptop with the touch of a button.

SMARTER SECURITY

In addition to security features that include a webcam privacy shutter, Match on Chip Touch Fingerprint Reader, and dTPM 2.0 chip, ThinkPad L15 Gen 2 comes with an updated suite of built-in ThinkShield security solutions to keep data and the device safe.

Lenovo

performance

ThinkPad L15 Gen 2 is built to perform with up to 11th generation Intel® Core™ i7 processors, up to 64GB DDR4 memory, up to 1TB SSD.

connectivity

Connect to the data and devices users depend on with LTE CAT12 capability and Thunderbolt™ 4 and HDMI 2.0 ports

durability

ThinkPad L15 Gen 2 i is MIL-STD-810H tested to withstand 22 scenarios—more than any of the other leading competitors.
