

ThinkPad P14s Gen 2

POWER THAT MOVES

LENOVO'S LIGHTEST MOBILE WORKSTATION

The ThinkPad® P14s, Lenovo's most mobile workstation, strikes the balance between power and mobility, all at a comfortable price point. Perfect for highly mobile power users, the P14s packs the power of AMD Ryzen PRO processors with professional-level integrated Radeon graphics, all in a compact 14-inch chassis.

Built with an advanced suite of ThinkShield security features and comprehensive MIL-STD testing for ultimate durability, the P14s has you protected from every angle - allowing students, engineers, and designers the freedom to innovate anytime, anywhere.
