A Smarter Way To Work From Anywhere

6 reasons that make ThinkPad Smart Docks a great choice for your customers.

ThinkPad

Innovation Meets Simplicity And Efficiency

From connecting multiple displays and PC accessories to lightning-quick data transfers, our smart docks help to boost your employee efficiency and productivity. They can also help your IT teams in differnet ways.

Through Microsoft Azure Sphere secured hardware and Microsoft Azure cloud service, the docks can be monitored and updated remotely—without a PC connection. And with batch report functionality, inventory management is almost effortless.

ThinkPad

6 **Here are reasons why your customers will want to know about Lenovo ThinkPad universal smart docking solutions.**

1 **Easy-to-use console**

- A streamlined console offers easy management of ThinkPad smart docks and their connected devices, remotely, wherever they are.

2 **Update firmware, remotely**

- Install critical firmware updates through the cloud, without physically connecting the dock to a PC.

3 **Enhanced monitoring & reporting**

- Run status reports of the devices connected to the ThinkPad smart docks, quickly, easily, and effortlessly.

4 **Enterprise-level security**

- Through Microsoft Azure Sphere, an integrated multi-layered cloud-based solution, smart docks can link to cloud service and be protected with regular security updates.

5 **Universal compatibility**

- Our smart docks work with industry standard notebooks*, PC accessories, external displays, and more via USB-C and Intel® Thunderbolt™ 4 interfaces.

6 **Boost productivity**

- Enjoy industry-leading video, data, and power connectivity, plus up to 40Gbps data transfers and multiple 4K displays support.

* ThinkPad Smart USB-C and Thunderbolt™ Docks support additional features, such as MAC address pass-through WOL and mirrored power button, on most Lenovo ThinkPad laptops, but such features may not be available on certain other Lenovo laptops or non-Lenovo branded laptop systems.
.

ThinkPad

Powered by Microsoft Azure Sphere, ThinkPad Universal USB-C Smart Dock and ThinkPad Universal Thunderbolt™ 4 Smart Dock can install critical firmware updates, track device status, and run reports—remotely and cable-free, through the cloud.

Smart solution with universal ports expansion

ThinkPad Universal USB-C Smart Dock

- Supports up to 3 x 4K monitors*

- Three video ports: 2 x DisplayPort 1.4 and 1 x HDMI 2.0

- Six USB ports: 3 x USB 3.1 Gen 2 (10 Gbps, 1 x always-on charging), 2 x USB 2.0, and 1 x USB-C (10 Gbps, 5V/3A)
