Lenovo ThinkPad T14 GEN 2 *i*

The ThinkPad T14 Gen 2 *i* delivers uncompromised portable power for the work-from-anywhere workforce. With the touch PrivacyGuard display to shield your screen from shoulder surfers, the ThinkPad T14 Gen 2 *i* prioritizes user privacy, while the impressive new Storm Grey cover option raises the bar on functional beauty.

Powered by the 11th Gen Intel® Core™ vPro® processors and offering a stunning display with 4K UHD Dolby® Vision™ and Intel® Iris® Xᵉ graphics on select models, the ThinkPad T14 Gen 2 *i* delivers an optimized combination of productivity and collaboration for business. And with the new Intel® WiFi 6/6E (Gig+), this powerful laptop provides the best WiFi technology for video conferencing.

ALWAYS ON, ALWAYS CONNECTED

The ThinkPad T14 Gen 2 *i* includes productivity-enhancing features like Modern Standby, which enables the machine to wake in one second and connect to the internet one second later, and new WiFi 6E, delivering faster data rates and lower latency for higher performance.

BETTER FOR WORK AND PLAY

The ThinkPad T14 Gen 2 *i* is everything you need for work and everything you want for off-the-clock enjoyment. Displays on select models include 4K UHD Dolby® Vision™ for a vibrant viewing experience, and a Dolby® Audio™ Speaker System delivers enhanced sound.

SMARTER SECURITY

A comprehensive suite of ThinkShield security solutions built into the ThinkPad T14 Gen 2 *i* keeps your data and your device protected. In addition, there's also an option of a bright 500nit FHD IPS PrivacyGuard with PrivacyAlert On-Cell touch display that offers a rich interactive viewing experience for you while preventing would-be data thieves from seeing your screen.

OPTIMIZED FOR HEALTHCARE

With an option to configure with the RFID and FIPS 201-compliant fingerprint reader, the ThinkPad T14 Gen 2 *i* encrypts fingerprint data to align computer access with facility access, enabling secure network authentication with the tap of a badge.

performance

The ThinkPad T14 Gen 2 *i* is built to perform with up to 11th generation Intel® Core™ i7 vPro® Processors, up to 48GB DDR4 (3200MHz) memory, and up to 2TB of storage.

customization

Between processor, memory, storage, display, and cover options, the ThinkPad T14 Gen 2 *i* offers nearly unlimited configurations, making it one of the most personal computers on the market.

security

ThinkShield features on the ThinkPad T14 Gen 2 *i*, like the webcam privacy shutter and PrivacyGuard screen with On-Cell touch, keep your machine and your data secure. Plus, Intel® Hardware Shield, available exclusively on the Intel® vPro® platform, provides the world's most comprehensive hardware-based security for business.
