PRODUCTIVITY POWERHOUSE

UNMATCHED PERFORMANCE

Unbridled Performance: ThinkBook 15 Gen 2 ITL packs heavy-duty performance with **11th Gen Intel® Core™ Processors** enhanced by AI-based technology.

Expandable Storage and Memory: get excellent performance with dual SSD¹ storage of up to 2TB and DDR4 RAM up to 24GB. In tandem with NVIDIA® MX450 graphics, access files and apps faster and enjoy lively system responsiveness.

Seamless Port Extension: connect to multiple peripherals, networks, and accessories with a wide range of port options. Unleash USB Type-C's power with the Thunderbolt™ 4 port for high-speed data transfers up to 40Gbps, connect up to two 4K monitors and audio output along with power delivery, all using a single port.

Intelligent Cooling: work on demanding applications without worrying about overheating. A bigger fan, heat pipe, and better thermal capacity prevent throttling.

INNOVATIVE DESIGN FOR TODAY'S WORKFORCE

Built for Style: weighing 1.8kg and with a thickness of 18.9mm, the streamlined design doesn't just look great, it also is a perfect fit for modern office setups. The newly designed hinge lets you push the display down flat to 180° for flexibility in working, wherever you are.

Sleek Bezels: an ultra-thin bezel display with 88% screen-to-body ratio makes the screen pleasing to the eye.

Dual-tone Combination: designed for the modern workforce that loves to stand out, the Lenovo ThinkBook 15 Gen 2 ITL comes in a professional dual-tone Mineral Gray shade.

Premium Design: a combination of metal, texture, and color give this laptop stylish and sturdy looks. Thanks to the arc-shaped hinge, you can easily hold or carry the device around, without the fear of it slipping.

INTUITIVE USER EXPERIENCE

Spectacular Visuals: Full-HD resolution and 100% sRGB gamut¹ deliver stunning, life-like images with accurate color and contrast. The touchscreen¹ display offers a tablet-like experience while the Eye Care mode ensures low blue light emission, enabling more productive hours.

Service Hot Key: get access to warranty information, self-service options, and more with the dedicated Service Hot Key on the F9 function key. Premier Support customers can access their personalized service page and with one press quickly raise support tickets, troubleshoot issues, or chat with a virtual agent.

Intel® WiFi 6 Connectivity:¹ experience internet connectivity like never before with WiFi 6. Be on top of your productivity with faster download speeds, increased network bandwidth, and lower latency.

Modern Standby: get every important notification, be it emails, calls, or IMs, even when your lid is closed. Even listen to music on Modern Standby through the Groove app.

Smart AI features: AI-based noise canceling technology cuts ambient noise for efficient meeting, especially when working from home. Pick between Private, Shared, or Environmental modes for the ideal conferencing setup.

ROBUST SECURITY

Smart Power On: the power button has a built-in Touch Fingerprint Reader for device security. Unlock the world with just one press that powers on and logs in.

ThinkShutter: protect your privacy with a physical camera shutter—slide it closed when your webcam is not in use and shut out intruders.

Business-grade Security: ensure your data never gets into the wrong hands. Hardware and firmware features like fTPM, I/O Port Access Control, Secure Wipe, HDD Password, and Kensington® lock let you minimize breaches and downtime.

Up to 11th Gen Intel® Core™ i7 Processor

RECOMMENDED ACCESSORIES

ThinkBook

Lenovo

THINKBOOK URBAN BACKPACK
PN: 4X40V26080

A multi-functional backpack with anti-theft pocket ensures security on the move. The padded PC compartment offers cushioned comfort and protection for your laptop. High-quality fabric and stylish PU leather accent add to the contemporary design.

THINKBOOK BLUETOOTH SILENT MOUSE
PN: 4Y50X888XX

The ThinkBook Bluetooth silent mouse is modern, low profile, with ambidextrous design and silent buttons, making it a must-have premium accessory for your laptop. Sculpted to be comfortable while holding and equipped with a blue optical sensor with track-on-glass compatibility, this mouse works effortlessly even on a glossy surface. Dual-host Bluetooth connectivity (with Microsoft SwiftPair) and 2-way scroll with on-the-fly DPI adjustment to up to 2400 gives you more precision and control.

THINKPAD USB-C DOCK GEN2
PN: 40AS0090XX

Enjoy a seamless docking experience with the ThinkPad USB-C Dock. Connect conveniently and securely to external peripherals to expand your devices display and storage capabilities. Transfer speeds of up to 10Gbps help you save time.
