UNBRIDLED PERFORMANCE

Power-packed Performance: with up to AMD Ryzen™ 4000 series mobile processors and AMD Radeon™ graphics, you work on demanding applications with consummate ease.

- Built for professionals, with AMD Ryzen™ you get up to eight mobile cores that enable unparalleled responsiveness and multitasking
- Experience disruptive performance on the 'most advanced laptop processor'¹
- AMD Ryzen™ processors keep your data safe through a modern, multi-layered approach to security that safeguards against sophisticated threats

All the Space You Need: with enhanced dual SSD storage² of up to 2TB, Lenovo ThinkBook 15 Gen 2 offers excellent storage capacity and allows for improved system responsiveness and quicker loading of apps and large files.

Extensive Port Choice: head out for client meetings without worrying about connectivity issues. A plethora of ports, including dual full-function USB Type-C, HDMI, and RJ45, ensure data and media are transferred quickly and seamlessly.

Enhanced Cooling: large fans, dual heat pipes, and incredible thermal capacity make up the Intelligent Cooling feature in this PC, maintaining optimum temperatures even when you run heavy software.

UNMATCHED FUNCTIONALITY AND DESIGN

Stylish Exteriors: make a good first impression with the sleek and modern design of Lenovo ThinkBook 15 Gen 2. Its dual-tone Mineral Gray top cover is guaranteed to make heads turn.

Perfect for Remote Working: suited for modern offices as well as great for those constantly on the move, the base weight of this PC starts at 1.7kg. With a thickness of 18.9 mm, it fits snugly in your backpack. Pushing the hinge to 180° ensures everyone in the meeting room can see your ideas clearly.

One-press Unlock: Smart Power On uses a built-in Touch Fingerprint Reader on the power button to power on and log in securely with your fingerprint.

UNPARALLELED USER EXPERIENCE

Touchscreen Panel:² a smartphone-like experience on a business-grade PC—scroll, open apps, and multitask your way through the day seamlessly with the unique touchscreen display that also minimizes eyestrain with Eye Care mode.

Service Hot Key: access warranty information, self-service options, and more with the dedicated Service Hot Key on the F9 function key. Raise support tickets, access troubleshoot links, or chat with a virtual agent with one press. Users with Premier Support can get access to personalized service page and warranty details on their PC.

Visuals that Captivate: Lenovo ThinkBook 15 Gen 2 is equipped with a Full-HD panel rated for 100% sRGB² color gamut that delivers stunning images with accurate color and contrast.

Smart AI Features: packed with smarter features, this device epitomizes convenience. AI-based noise-canceling technology reduces ambient noise. You can now choose 'modes' like Private, Shared, or Environmental to optimize your meeting experience.

¹As of January 2020, the Ryzen™ 4000 series mobile processor is the "Most advanced laptop processor," defined as superior 7nm process technology in a smaller node, 15W and 45W typical TDP. RM3-01
²Optional

THINKPAD USB-C DOCK GEN2
PN: 40AS0090XX

Enjoy a seamless docking experience with the ThinkPad USB-C Dock. Connect conveniently and securely to external peripherals to expand your devices display and storage capabilities. Transfer speeds of up to 10Gbps help you save time.

THINKBOOK URBAN BACKPACK
PN: 4X40V26080

A multi-functional backpack with anti-theft pocket ensures security on the move. The padded PC compartment offers cushioned comfort and protection for your laptop. High-quality fabric and stylish PU leather accent add to the contemporary design.

THINKBOOK BLUETOOTH SILENT MOUSE
PN: 4Y50X888XX

The ThinkBook Bluetooth silent mouse is modern, low-profile, with ambidextrous design and silent buttons, making it a must-have premium accessory for your laptop. Sculpted to be comfortable while holding and equipped with a blue optical sensor with track-on-glass compatibility, this mouse works effortlessly even on a glossy surface. Dual-host Bluetooth connectivity (with Microsoft SwiftPair) and 2-way scroll with on-the-fly DPI adjustment to up to 2400 gives you more precision and control.
